Mr. and Mrs. Geo. W. Anderson, Jr., of Mt. Sterling, visited the latter's parents, Mr. and Mrs. E. N. Wilson, Sunday.

The Centennial of the Christian churches in Kentucky will be celebrated in Lexington beginning September 20th.

The Clay City National Bank has another of their fine reports in this issue, both satisfactory to customers and officials alike.

'Squire F. M. Hutchinson lay down on bed Monday on which a needle had been left. The needle penetrated his side and buried itself.

The Sunday school convention at Stanton College Saturday and Sunday was largely attended and was a success. Many from this city attended.

A good gentle shower of rain fell yesterday afternoon which will temporarily relieve us of the dust. The indications are good for more rain soon.

Postmaster General Hitchcock has recently signed an order increasing the fee for the registration of mail from eight to ten cents after November 1st.

John W. Williams, of Stanton, weighed up seventy-five heifers average about 100 pound at 44. These cattle were all bought in the county about thirty days ago.

Farm Paper Free.

We have contracted for one hundred yearly subscriptions to the Southern Agriculturist and will give this paper one year free to all our subscribers paying for the Times one year in advance. The Agriculturist is one of the best farm papers for this section, so renew with us today and get it as a premium free.

The pooling of this years tobacco crop is progressing very slowly and it now beging to look like a failure.

The Boone's Creek Association is in session at Winchester this week. Powell's Valley church near this city is represented by P. D. Todd and Reuben Tipton.

Cashier A. T. Whitt was in Beattyville Monday assisting in the organization of the Lee County Deposit Bank which will open for business some time next week.

Mrs. Nannie Shimfessel and children leave today for Phoenix, Arizona to reside. They will stop over at Kansas City, Mo. and visit relatives there for four weeks.

G. W. Dunaway, of Vaughn's Mill, who advertised his personal property last week for public sale, has called off the sale and will remain in Powell. We are glad to learn that Mr. Dunaway will remain with us.

The Kentucky Conference of Southern Methodists will be held at Paris beginning September 22. There will be about two hundred and fifty delegates in attendance. It has been twenty years since the Conference met in that city before.

Favors Amendment.

Gov. Glasscock, of West Virginia, is greatly interested in the passage of the Federal income tax amendment now before the several state legislatures and will use his influence to have the next Legislature to ratify such an amendment. An extra session of the Legislature will be called this fall.

LOST—Gold-headed Hat Pin with initials "M. M." engraved thereon. Lost between Clay City and Vaughn's Mill, Saturday, Sept. 4th. Liberal reward for return to me at Vaughn's Mill. Mrs. Morgan McKinney.

The Town-Booming Spirit.

The newspaper of a town has it within its power to create a town booming spirit and should seek at all times to foster such feelings. It should set the example of a fair minded attitude toward all public questions, should be ready to see and commend the good, and without malice or personal feeling point out the bad wherever it exists. With this evident object in view an exchange prints the following "Booster Pledge," which other papers might well copy:

On my word and honor, I hereby now declare that as long as I am a resident of this community it will be my constant aim to boost at all times and every time.

"I will do what I can for any public work that has the good of the community as its object.

"I will submit to and abide by majority rule and will not knock and howl my head off if things are not done my way.

"I will take no radical or extreme position on any question before the people, and will have due respect for the opinion of my friends and neighbors when their opinions are opposed to mine.

"I will always try to say something good about my town and my people, or I'll keep my bazoo shut and 'cease it out' like aman.

"I realize that if this community is good enough to live in, it is the proper place to spend my money in."

Miss Adaline Hazelrigg the Winner.

A short time ago a prize of seventy-five cents was offered by the principal of our school and his first assistant to the first pupil that would learn the Declaration of Independence by heart.

Misses Adaline Hazelrigg, Josephine Hazelrigg, Florene Rogers, Edna Earnest, Ethel Johnson and Bennie Rich and Master Crate Johnson worked earnestly for the prize. Miss Adaline Hazelrigg won.

A prize of fifty cents is now offered to the pupil who can in two weeks time recite this wonderful production best.

We are sure that all who have made, and yet make an effort along this line will be much benefited.

"Go on and on."

One of our Pedagogues.

Want Wives with Them.

One hundred and fifty-two inmates of the Confederate Home at Pewee Valley, have died since the home was opened, and the inmates now number something over two hundred and fifty. The principal complaint of some of the veterans is that they must leave their wives when they enter the home. It is said an effort will be made to secure action by the next legislature so that the veterans can spend their few remaining years with wives. A few more years and the Confederate soldier will be but a memory and it would not cost much to enable the few who have wives and must live at the home to have their wives with them.

Railroad Earnings.

The gross earnings of the railroads of the United States for the year ending June 30, 1909, \$2,437,885,851, according to the figures compiled by the Bureau of Railway News and Statistics from the monthly reports of the Interstate Commerce Commission. The operating expenses were \$1,611,927,766: taxes, \$88,961,475, and net operating income, \$736,496,600. The figures for the year ending June 30, 1908, were gross earnings, \$2,424,540,637; operating expenses, \$1,695,101,878; taxes, \$83,860,516 and net operating income \$645,678,243.

Kentucky's Debt.

According to State Treasurer Farley on September 1st the State had outstanding warrants for more than half a million dollars more than was in the Treasury with which to pay it, and it is feared that by the time the Sheriff begins to collect the fall taxes, the debt will amount to a million and a half dollars. The debt is still growing and Gov. Willson has expressed a fear that it will amount to two and one half million dollars by the time the next legislature meets.

A rate of one fare for round trip has been made by the L. & E. railroad from all stations to Clay City to see the ball game between the Clay City Blues and Greene's Nebraska Indians.

Notice to The Republicans of Powell County.

I am a candidate for the nomination for County Judge, subject to the decision of the voters that is entitled to a voice in our coming convention. My policy is economy in our county affairs when practical and consistent. I am for every one having according to law their share of what's honest, fair and square. It has been said that the county is enormously in debt. If the reins of the county affairs should fall into my hands as far as it is in my power I will guide judiciously and try to help get it out. If nominated I appeal to the taxpayers and thinking men of the county for their support.

R. W. Garrett.

Mr. R. W. Garrett in this issue announces himself a candidate for the Republican nomination for County Judge. Mr. Garrett has been a prospective candidate for some time. From the beginning his party leaders have been urging him to make the race and the laymen of the party as well. Mr. Garrett is well fitted for the office of County Judge in every particular except politics, and worse things may be said of a man than that he is a Republican.

The railroad companies according to Congressman Hamlin, seem to have overdone the thing. Like the boy they cried, "Wolf! Wolf!" when there was no wolf. But finally the wolf came. The railroad companies, in order to check legislation that would make them toe the mark, cried panic, panic, until finally there was a panic sure enough.

Down east where there are some who spend \$25,000 on a supper for a poodle dog, while others can't get what a dog would ordinarily be satisfied with, is a good breeding place for socialism.

Largest Producers—Greatest Consumers.

Farmers are not only the largest producers, but the greatest consumers, of any other class or occupation. In view of this fact their interests are more affected by unreasonable freight rates of transportation companies, and extortionate charges of trusts than any others.

All other classes are organized and look after their interests on this line. Why should not the farmers do likewise? Every law regulating rates, and every decision of the courts setting these laws aside, or practically nullifying them, is of vital interest to the farmer.

The question of getting his produce to market is an important one. He ought to have something to say whether he shall turn his profits over to the transportation companies or not.

There are plenty of instances where the difference between a reasonable rate of freight and the existing rate is enough to more than wipe out the farmer's profits. This, of course, is confiscation and unconstitutional, but I have never seen Federal judges running over each other to embrace the opportunity to say so. With them the shoe is too often on the other foot.

The Dred Scott decision had almost as much to do with freeing the slaves as did Lincoln's proclamation. It aroused the public conscience and disclosed the real purpose of the slaveholders. It made the election of Lincoln possible. The decisions of Judges Anderson and McPherson are likely to have a similar effect and arouse the people to action that will make it hard sledding for the criminal corporations.

Peary who last reached the North Pole, has opened war on Dr. Cook the man who was first to proclaim he had reached the coveted spot. We don't care a thing for the war, but think they should go to the North Pole to fight out.

When the "captains of industry" get to be common thieves, we think it is about time to stop extending parental protection to them by the government, but the late Republican Congress did not think so.

A Missouri man has been put into jail for having married thirteen wives. He's not a criminal. He is crazy.

See our line of Cook Stoves and Ranges. We can sell them cheaper than peddlers or mail order houses, and besides you can see just what you are buying, and know where to find us should anything be unsatisfactory with the stove or range.

SPOUT SPRING.

Mrs. Nannie McKinney, of Clark county, is visiting her son, Lloyd Todd, and other relatives in this community.

Mr. and Mrs. Shelt McKinney were called the last of the week to Cobb Hill to see Mrs. Stanley Rogers, an aunt of Mrs. McKinney who is very sick and not expected to recover.

Mrs. Nannie Pryor spent a few days with her brother, C. C. Todd, at Ruckerville, Clark county, last week. Mr. Todd has been quite sick several weeks but is now some better.

If there were no loafers in this old world, the police courts wouldn't have much to do these days.

Married.

Mr. John E. Patrick, of Jackson, and Miss Nettie V. Patterson, formerly matron of the Highland Orphanage, this city, were married last week in St. Louis, Mo. Mr. Patrick is a brother to J. C. Patrick of Stanton.

Beware of Ointments for Catarrh that Contain Mercury.

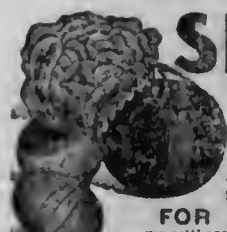

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.
